CHAPTER 1: INTRODUCTION. Problem and Need. Wildlife conservation responds to the challenges of the times. The original wildlife conservation movement began in the first half of the twentieth century in response to unregulated harvest for sporting and commercial purposes.

CHAPTER I: INTRODUCTION

Having a brief introduction that sets the direction will help you a lot as you write. Waiting to write the introduction until the end can leave you with a poorly written setup to an otherwise well-written paper. A good introduction draws readers in while providing the setup for the entire paper.

Writing a thesis, or indeed an academic book, means constructing an extended argument. One common problem in writing a very long text is that it's not hard in 80,000 to 100,000 words for the reader to get lost in between chapters - they aren't sure of the connection of one to the other and of how they work together to advance the case being made, move by move.
