### Dynon EMS-D120 Superbright - AeroShop

As has been the case since the airplane was built in 2006, engine monitoring was handled by a Dynon EMS-D120 located in front of the copilot. Two EFIS generations ago (as this airplane ages), there was a Dynon EFIS-D100 on the left side of the panel and, for a time, an EFIS-D10A (as a backup) situated in the main instrument scan.
