Human Territoriality: A Theory Robert D. Sack Department of Geography, University of Wisconsin, Madison, WI 53706 Abstract. Territoriality is a means of affecting (enhancing or impeding) interaction and extends the particulars of action by contact. Territoriality is defined here as the attempt to affect, influ-

Human Territoriality: A Theory

Territoriality is a term associated with nonverbal communication that refers to how people use space to communicate ownership or occupancy of areas and possessions. The anthropological concept branches from the observations of animal ownership behaviors. Personal space can be regarded as a bubble with a person at the center, forming an area which the person does not wish to be invaded.
