From Crisis to Recovery: Korea's Policy Response to the Global Financial Meltdown, August 2007-June 2009 During the two-year period since the outbreak in August 2007 of the U.S. subprime crisis, Korea has felt its severe effects: Korea's economy contracted sharply and experienced a liquidity crisis.

From Crisis to Recovery: Korea's Policy Response to the ...

Korea engineered a quick recovery from both the crises. As far as economic fundamentals were concerned, there was no reason to believe Korea was any more vulnerable to a crisis during the second half of the 1990s than it was two decades earlier. Nevertheless, the cost of resolving the second crisis was far greater than the
