Wikibooks is a collection of open-content textbooks, which anyone with expertise can edit – including you. Unlike Wikipedia articles, which are essentially lists of facts, Wikibooks is made up of linked chapters that aim to teach the reader about a certain subject.

Leap In A Woman Some Waves, and the Will to Swim by @hemmograms was a wonderfully comforting and inspiring read. Part One was the tale of how the author became a swimmer with some important life lessons along the way. I saw myself in many of her fears and even technique and I cheered for her along the way, delighted to see the outcome of one particular story when I found her Instagram account.

Plus, as a woman who started swimming at age 40, it was very helpful to hear the author's real life explanation of things like getting on a wetsuit, why she wears flip flops at the pool, and how she felt wearing a swimsuit to the pool the first few times. I would recommend this book to any adult who is new to swimming.
