Minority Education in China

Education inequality in China exists on multiple levels, with significant disparities occurring along gender, geographical, and ethnic divides. More specifically, disparities exist in the distribution of educational resources nationwide, as well as the availability of education on levels ranging from basic to higher education.

Education inequality in China - Wikipedia

China has been ethnically, linguistically, and religiously diverse. This volume recasts the pedagogical and policy challenges of minority education in China in the light of the state's efforts to balance unity and diversity.
