and Substances. 2. 4.1

Changes In Matter

Kinetic Theory of

Matter The theory

states that: - Matter is

made up of tiny and

discrete particles - The

particles are always

moving in random

motion - The moving

energy is called the

kinetic energy of

particles - The kinetic

energy of particles

depends on the

temperature of matter.

Body coordination
(Chapter 2 Form 4) 1. •

Coordination is the adjustment of our body's responses towards any stimuli that involve several parts of body. •

Coordination involves the adjustment of organs, limbs and body system. • There are two types of body coordination i.e. nervous coordination and
