Thinking Through Rituals Philosophical Perspectives

Thinking Through Rituals explores religious ritual acts and their connection to meaning and truth, belief, memory, inquiry, worldview and ethics. Drawing on philosophers such as Foucault, Merleau-Ponty and Wittgenstein, and sources from cognitive science, pragmatism and feminist theory, it provides philosophical resources for understanding religious ritual practices like the Christian Eucharistic ceremony, Hatha Yoga, sacred meditation or liturgical speech.

Thinking Through Rituals eBook by - 9781134436767 ...

Abstract. According to Catherine Bell, "The popular contention that ritual and religion decline in proportion to modernization has been something of a sociological truism since the mid-19th century". Conventional wisdom maintains that ritual practices just don't hold central importance in the lives of those raised in the industrialized world as compared with the importance such things had for our distant ancestors or for our contemporaries in non-industrial societies.

Rites of Passing: Foucault, Power, and Same-Sex Commitment ...

Rituals called rites of passage mark one's transition through the various stages in life, from as early as conception throughout life until death, and even afterwards. They mediate and signify changes in individuals' lives, conferring on them identity and status in their communities, taking them from one state of physical and social being to a greater one.
