Calculus with Analytic Geometry (1985, 1996 (2nd ed.)) Calculus Gems (1992) Simmons has a remarkable facility for expressing the essence of mathematical ideas in clear direct language, and this writing style has earned him an international reputation. Through the title pages of his texts, the name of Colorado College became known to the mathematical and educational communities world-wide in a way reminiscent of the days of Florian Cajori.

Professor George Simmons • Mathematics & Computer Science ...

To answer your first question, that the label "analytic geometry" is found in the title of a calculus book doesn't mean what you might think. The reality is that in the 1960s and 1970s most calculus books had a title like "Calculus with Analytic Geometry". My father was a high school math teacher and he had a lot of these books on his shelves at home.
