Vanished The Sixty Year Search

Now, Wil S. Hylton's Vanished offers new insight into the sixty-year search that has still turned up such a small percentage of the missing men. Vanished, at times, reads more like a novel than a nonfiction account of the combination of tenacity and luck that some Astonishingly, more than 56,000 World War II American troops are still missing.

...

For sixty years, the U.S. government, the children of the missing airmen, and a maverick team of scientists and scuba divers searched the islands for clues. They trolled the water with side-scan sonar, conducted grid searches on the seafloor, crawled through thickets of mangrove and poison trees, and flew over the islands in small planes to shoot infrared photography.
