LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Vintage travel poster of San Francisco, California. In this graphic red and blue design the shape of San Francisco's iconic Transamerica Pyramid plays against the exaggerated slope of the city's streets. The Golden Gate bridge is faintly visible in the distance, shrouded in a veil of mist from the bay. The text reads Visit San Francisco.
